

ONLY A FEW ATTEND THE MASS MEETING

DIRECTORS OF CHAUTAUQUA ASSOCIATION CALLED TOGETHER FOR TONIGHT.

Dr. W. L. Davidson, the chautauque manager who addressed the mass meeting held at the court house yesterday afternoon for the purpose of perfecting plans for an assembly here in the spring, was greeted by a very small audience. Those present, however, were very enthusiastic over the proposition of having another chautauque and had it not been for their great interest in the matter and their faith in the Dothan people who are expected to give their support, the chautauque proposition would likely have gone dead within a few minutes after the first address was made. Secretary Biggers of the Southern Alabama Chautauque Association resigned his position, giving as a reason the non-interest shown by the people of Dothan, and stating that he was not inclined to put something on the people that they apparently did not want. His resignation was accepted but within a few minutes he was again nominated by Prof. J. V. Brown for the same position, but owing to the fact that the terms of office of the officers were already out the matter of electing new ones will come up at a later date.

A meeting of the directors of the association was called for tonight as a committee was appointed to see each one of them and request their presence. There are 20 directors belonging to the corporation and their shares of stock range from one to four in number.

It will now be up to them and the matter will be decided tonight as to whether or not Dothan will have a chautauque this spring. In case they decide to take the matter into their hands and risk the \$2,000 capital stock they have subscribed the proposition will be a sure one and the second chautauque assembly will take place here in May, otherwise it is considered a dead issue.

DEATH OF PAUL SLOCOMB.

Friends and acquaintance here will regret to learn of the death of Paul Slocomb which occurred last night at his home in Fayetteville, N. C. Mr. Slocomb had been suffering for several years with tuberculosis and his death was not unexpected.

Mr. Slocomb is pleasantly remembered in Dothan, where he resided for a number of years. He was connected with the Slocomb turpentine organization, one of the largest in the country and one which, during its time, helped to make Dothan one of the largest inland naval stores markets in the world. He left Dothan and visited South America and other places in search of better health, but failed to better his condition and returned to North Carolina, where he has been since.

He is a brother of Mr. Frank Slocomb, of Headland, who was also a resident of Dothan for several years. He is survived by a wife and two children.

BUSINESS FOR SALE

We have for sale at once the largest and best established dry line in Dothan. Eight mules, three two-horse wagons, two one-horse wagons, harness and other tools. The good will of the business goes with it as the owner is in bad health and will not again engage in business of this kind. Price \$1,400, half cash and balance six months at 8 per cent interest.

Two story new brick store in the paved district, will net 12 per cent on the investment. This property will continue to advance in value. Absolutely safe.

Thirty-five acres fine land at city limits on Geneva road, four room house, good fencing, running water on place, deliverable in fall, price \$3,875. Fine dairy and poultry location.

Another 12 per cent net investment. Six houses and lots on West North street, now houses, renting at \$12 per month. Total rent \$216 a year, all rented for year, price \$1,600.

We have 200 farms for sale. DOOTHAN LAND & DEVELOPMENT COMPANY.

WAR THREATENED WITH JAPAN

PEACE ADVOCATE SAYS WAR IS NOT DESIRED BY EITHER COUNTRY.

Los Angeles, Cal., March 19.—That there is danger of war between the United States and Japan was stated by Baron D'Estournelles De Constant, member of the French Senate and representative of France at The Hague peace conference, in an address before the City Club last night.

After referring to conditions in California he said:

"But there is a storm hanging over your heads, a battle that threatens destruction of all this loveliness and it is of this I have come to warn you. Japan does not want war any more than you do, but may be driven into it by a force of circumstances that seems to involve you both.

"Let me tell you that Japan does not want war with you or any other country, and never will there be a war between this country and Japan unless it is stirred up by ignorance in both nations."

The Baron then stated that the two countries, being in a period of construction, needed all their energies for development along peaceful lines.

PREACHER COMING TOMORROW.

The new preacher, Rev. E. H. Jennings, who was recently called to the First Baptist church, will arrive in the city tomorrow at 11:35 with his family, to take charge of the work here. The ladies of the church have been making the parsonage ready for the family, which has been vacated for several months.

WARD ONE MEETING

Ward 1, of the City Improvement Club held a meeting yesterday afternoon at the home of Mrs. F. S. Florence, on South St. Andrews.

The garbage can committee made its report. They found all of the merchants willing to use the cans, with one or two exceptions. Something like \$7.70 was collected.

Mrs. Lane Enzor, of Troy, is visiting relatives in Dothan.

You are cordially invited to be present at the demonstration of those high grade goods to be sampled at Bonham & Son's tomorrow, Friday the 31st.

"Now, William," said the old farmer to his new apprentice, according to the St. Paul Dispatch. "I want thee to mind what I do say to thee, to be sharp and attentive, and to delay not in carrying out my instructions."

"Ay, ay, sur!" replied William. "First now, I want thee to take out the old white mare and have her shod."

"Ay, ay, sur," said William, and they separated.

He returned two hours later and the old farmer questioned him.

"Thou hast not been quick, lad," he said reprovingly, "but if thou hast done thy work as I ordered thee, thou wilt be forgiven. Didst thou have the mare shod, as I told thee?"

"Ay, ay, sur!" replied William.

"Didst thou not hear the gun? I shot her myself, and I've just buried her."

CHAUTAUQUA AND CHAUTAUQUA BUILDING

At the close of the chautauque last year, there was a subscription made up of about two thousand dollars for a permanent chautauque building. Since then nothing has been done toward completing or carrying out the plan.

We are face to face with the chautauque proposition again; let every one come forward and subscribe for a season ticket. Have the chautauque again this spring, make it a success and start a permanent chautauque building.

Dothan is large enough and needs an opera house, chautauque building and large whittierism that will accommodate any large gathering of people; there go where there are suitable accommodations and suitable buildings. We can put up one building and arrange it suitable for all these purposes like some other cities have done. Some one says that we cannot get the money. Let us see about that.

There has been raised in Dothan for the past six or eight years, fifteen to twenty thousand dollars each year, a donation, for the support of our churches, church building and like causes; this is a low estimate and not near as large an amount as we should give to these purposes.

A few years ago, in thirty days, we raised a donation of twenty-five thousand dollars in cash and land valued at five thousand more to give away to the Day Line road—a straight donation, with little prospect of much pleasure in return.

Certainly we can raise from ten to fifteen thousand dollars for such a building as Dothan needs. Let the people own it and be interested in its success. Start two popular subscription lists: One for donations to the enterprise; the other for subscriptions for stock in the enterprise. Some may prefer giving an amount in cash as a donation, while others might prefer taking stock for a larger amount, lending the enterprise that amount of money and taking chances on its being a profitable or losing proposition.

By adopting some plan like the above, I believe the enterprise can be carried through successfully to the great benefit of Dothan, and I further believe that it will tend largely to make Dothan more and more the center for all Southeast Alabama—truly the HUB of the WIRE GRASS.

Respectfully,
Subscriber.

MARRIAGE LICENSES

Marriage licenses have been issued by Judge Crawford for the following couples:

Mr. W. R. Reardy and Miss Belle Riley, of Dothan route 2.

Mr. Mac P. Thomas, of Canton, and Miss Florence McGiven, of Cottondale.

Mr. Cass Brackin and Miss Lizzie Suxton, of Dothan.

Don't forget to call at Bonham & Son's tomorrow to the free sampling of the good things to eat.

Mr. B. A. Rengue, who is here in the interest of the Mitchell automobile, has made two sales since he arrived in the city. On the last page of this paper is an advertisement telling something of this machine.

A. J. Harland, Superintendent, of Macon, Ga., and J. W. Reynolds, Commercial Agent, of Albany, were in Dothan today on business for the Central road.

PROGRESS IN SISTER STATES

HIGHEST DAM EVER BUILT IN SOUTH WILL BEGIN IN SHORTLY AT TALLULAH FALLS.

Columbus, Ga., March 19.—The Georgia and Alabama Industrial Index says in its regular weekly issue: "The highest dam ever built in the South will soon be erected in Georgia, the contract having been awarded for the construction of a dam 110 feet high and 125 feet wide at the base, at the head of Tallulah Falls in the Tallulah River, the work to be completed within one year. Sixty thousand horse-power will be developed, and in the form of electric current will be transmitted to Atlanta, over 100 miles away. A novel feature of this development will be that the power house will be over a mile from the dam, the water being conveyed there by means of a tunnel.

"A fire at Fayette, Ala., which wiped out the business section of that town, is to be followed by the rebuilding of the place on a much more substantial scale than before, and several important construction contracts were let before the ashes were cool. A \$1,000,000 company was incorporated at Rome, Ga., to manufacture cement. Two veneering plants will soon begin operating near Brewton, Ala. A company which set out to build a 10,000 spindle cotton mill at LaGrange, Ga., found its capital stock so heavily over-subscribed that it increased the capacity of the plant to 20,000 spindles, and is organizing with \$500,000 capital stock instead of \$250,000, as first planned. Montgomery, Ala., with a view of encouraging industrial development, is to exempt new enterprises from taxation for a term of years.

"Mobile, Ala., which is making many public improvements of substantial character, is inviting bids for additional paving and sewer work. Quitman, Laurens, Talbot and Emanuel counties in Georgia will all very probably vote on road bonds. Huntsville, Ala., will vote on \$100,000 of municipal building and hotel bonds. Blakely, Ga., on \$60,000 of improvement bonds and Swainsboro, Ga., on a \$40,000 bond issued. Commercial bodies were

U. B. C.

The Dothan Chapter U. B. C. will meet with Mrs. J. W. Method, on South Oates St., Saturday afternoon, April 1st, at 4 o'clock. The charter roll of members is still open to those who desire to join as charter members, and it is hoped that a large number will attend the meeting.

A credential committee will be present to sign the applications blanks.

The organization will be completed and other business relative to future officers of the chapter will be under discussion.

Mrs. C. S. Tuttle, President.

CITY IMPROVEMENT CLUB

The City Improvement Club will hold its next meeting Tuesday afternoon April the fourth at the home of Mrs. F. B. Culver in Ward 4.

The meeting will be called to order at half past three o'clock sharp, and business transacted until half past four. Reports from the four city wards will be heard and other matters of interest considered.

At half past four Dr. S. M. Davis will lecture to the club on subjects concerning public health and welfare. Those who have heard Dr. Davis know that his lectures are from a scientific viewpoint, and are full of information that is practical as well as entertaining. Every member of the club should be present to hear him.

So far Dothan has no aeroplane demonstrators.

The next thing Col. Roosevelt will be calling it "My Panama Canal."

Few people who know what's best for Houston county in the way of liquor laws.

The Miba Clipper is looking better, and you can tell that the editors are on the job all the time.

Probably our army was sent down on the border to act as umpire. It is getting cussed alright.

The April fool joker never did very well in Dothan. If he starts anything somebody presents his bill in public.

Great disappointment down on the Texas border. It is thought that Mexico will have peace within the next ten days.

It has been mighty dull with the newspaper offices since the Congressional Record has suspended publication temporarily.

When the census report is finally sent in, if indeed it ever comes, the people ought to mark it "refused," and turn it back.

The war correspondents had as well come on back home and get ready to report the ball games, a feature that will be of real interest.

The legislature has things in such a condition till no one is safe now in enough it, for so few people really know what has been done and what has not.

Although we have been promised that President Taft's message would be sweet and short, still we make no promises about reading it till we have seen the space it takes up.

The Advertiser is a game old sport, and is growing yellow or sitting up too late. It prints a story received by wire at 5 o'clock on the morning of publication.

They may call it "pasha," instead of "baron," thinks the Commercial Appeal, but the thing still remains a skirt with two legs, which is an abomination in the sight of the Lord.

Nat Goodwin's wife is granted a divorce with the privilege of marrying another time, but Nat is held up for the present, and it looks that he will yet break himself from the marrying habit before he grows old.

The State of New York would probably employ a sort of a substitute senator till one could be chosen but for the fact that the state has been without senatorial representation so long till it has become accustomed to it.

Governor O'Neal told the Birmingham delegation that what they could not depend upon the other day, in tones of voice the sounded much like it did during the campaign days when they would spring something on him he didn't like.

Some professor has put out the report about what a snap it is to live on 10 cents a day. The writer with every little while tell the people that a lady should be able to dress comfortably and even fashionably on \$3.00 a year, need not send in her piece.

Birmingham and Atlanta have peculiarities very much alike. It has not been but a few days since Atlanta aired the postoffice department and now Birmingham is trying to spring something to divert the mind of the public from Col. Bowman, and resorts to a postoffice row.

This extra session of congress will mean nothing more nor less than to teach President Taft something he hasn't known since his election: that Washington is no mean city to spend a few summer weeks in. The extra session of congress will evi-

ently chain the president to his chair for three or four weeks at a time.

Old Lady Sally Burnhardt probably didn't notice the two young T. J. Ladegans who jumped her singing the other night and went to the picture shows in Montgomery. These boys have our sympathy. They went all the way to Montgomery to hear the over-advertised classic, and when they got there, it was a jumble of sounds they understood but little of. We admire their frankness for getting up and walking out. If they were not amused.

GONE FROM US

The old time citizen who wore home-knit suspenders, brown jeans pants, with a side entrance, chewed stinky-green tobacco, rubbed his varnish-brush chin whiskers with a bony hand while he told of the game in this country before the war, is passing from us.

His kind is being replaced by his son, who never saw a live deer outside a park, but who has been able to grow a bale of cotton on the same land that his father grew one to five acres on, and who has more invested in mules and farm implements than the old man made during forty years' work.

WHAT ABOUT IT?

Probably today is Dothan's last chance at a chautauqua for this season.

Dr. Davidson is here to feel of the pulse of the people. His business will go right on, and his income won't be affected, even if this town doesn't take a chautauqua this year.

He merely wants to give the people an opportunity to take on while it is in reach. Talent cannot be secured unless arrangements are made now. We have no building, but had a crackin' good time last year under a tent, and the people enjoyed every attraction. The same people would go to every attraction if given again this season. They liked it, and they want another this spring, but expect somebody else to get out and boost up the business and do all the work. As for the money, they will subscribe it, and pay it, but they don't want to be bothered with details.

That is why they ought to put the job on some man to attend to.

Things looked shaky to Secretary Biggers, and he passed in his resignation, but he would be a good man to put at work, and he would no doubt reconsider, if the people would show that they really want a chautauqua.

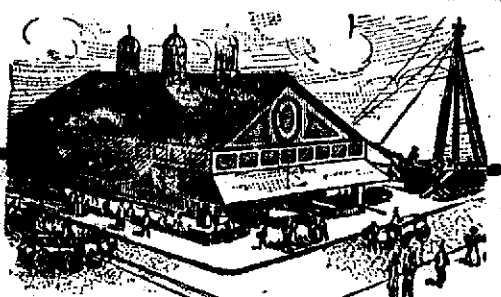

Another meeting is to be held tonight at seven-thirty and it is the earnest desire that the people go out and give some support.

We haven't time to lose. We can't get the talent, if we don't get them before they get tied up.

Every merchant in this town knows that business picked up last year during the chautauqua. People came here from the towns around here, and spent their money, and talked about Dothan, and the enterprising spirit of the town. This all helped, besides the attractions were educational in nature, and were worth much to the children.

A chautauqua this year would bring a bigger crowd than it did last year. Business would be better, and we would have better attractions, if we get down to it now, instead of standing back waiting for somebody else to do the work.

Go out tonight and lend a hand.

Where French Market Coffee Won Its Fame

Over 150 years ago the old French Market at New Orleans won fame through its exquisite coffee. It was a rare treat to stop at this celebrated market and sip of the delicious beverage—the only place in America where it could be secured.

The society dames of all the Mardi Gras Balls would not consider the event complete without a cup of French Market Coffee as a "nightcap." In the War of 1812, after Andrew Jackson's brilliant victory, he stopped at the Market House and treated his troops to French Market Coffee. Then it could be had nowhere else. But today you may all serve it at your table—for the old French Market blend is perpetuated by

A Short Story for the School Children

Once there was a large shoe factory that offered a prize of \$10,000 for a name for the best child's school shoe they were making. And as they wanted a very catchy name, hence they offered the prize, and as the time drew near, a very appropriate name suggested itself to a little school girl (Nine O'Clock). So she sent the name to the committee and when they had carefully gone over all the others, they came to the little girl's. They all decided at once that she had won hence Nine O'Clock school shoes is the leading brand of Children's shoes in America today.

We have these shoes on display at our store in the very latest styles low cuts, gun metal and patent leather for boys and girls, and we are going to give every boy and girl that comes to our store a nice little book entitled, History of the U. S. Flag.

We are also going to give away to the schools the largest and prettiest flag that you ever saw, come to our store and we will tell you about how we are going to do this.

ALL MY PIMPLES GONE

Girl Tells How a Clotchy Skin Was Cleared by a Simple Wash.

"I was ashamed of my face," writes Miss Minnie L. of Alabama, N. C. "It was all full of pimples and scars, but after using D. D. D. Prescription I can say that now there is no sign of that trouble, and that was three years ago."

D. D. D. is so famous as a cure and instant relief in Eczema and all other serious skin diseases, that its value is sometimes overlooked in clearing up rash, pimples, blackheads, and all other minor forms of skin impurities.

The fact is, that while D. D. D. is so penetrating that it strikes to the very root of Eczema or any other serious trouble, the soothing Oil of Wintergreen, Thymol and other ingredients are so carefully compounded there is no wash for the skin made that can compare with this great household remedy for every kind of skin trouble.

D. D. D. is pleasant to use, perfectly harmless to the most delicate skin, and absolutely reliable. A 25-cent bottle will give you positive proof of the wonderful effectiveness of this great remedy.

CORRECT DRESS FOR WOMEN

THE CURSE OF INTemperance

By Dr. Madison C. Peters

Of all the curses ever inflicted on women and children, there is none so unmitigatedly hellish as intemperance; it has nerved the hand that once gave the wedding ring to deal the deadly blow; it has inspired the lips that once spoke only of love to pour forth the foulest curses of the pit; it has made children fly from the father's approach as they would from a devouring monster.

If I could gather into my lips the language of angels and consult cherubim and seraphim on forms of forceful speech, I could not express the deep wretchedness of the drunkard's wife, who probably has married her husband to reform him!

The most terrible punishment spoken of in antiquity was that devised by Mezentius, who some times put a person to death by chaining to him a corpse, face to face, the putrefaction of which gradually killed the living man. The drunkard's wife is chained in this way to a loathsome horror, chained with no hopes of release save that which the grave may bring to one or the other, or to both.

Tamerlan asked for 160,000 skulls with which to build a pyramid, but if the bones of broken-hearted wives could be piled up, it would make a pyramid blushing to the skies. And when these inebriate husbands are fathers, as most of them are, it is impossible to frame a statement of consequences that will give an idea of their enormity—sending out into the world children, hideous caricatures of the living God, who reel through life insane, imbecile, diseased and depraved, when they should be men and women born in the image of the Father.—Exchange.

ANY STUMPS?

I would be pleased to take my stump puller to your place and pull some stumps to demonstrate what it will do. Let me hear from you. F. D. Williamson, 404, South Foster Street.

Gave Up Hope

"I suffered five years, with awful pains, due to womanly troubles," writes Mrs. M. D. McPherson, from Chatham, N. C. "They grew worse, till I would often lie on my side; also a headache and a backache."

I gave up and thought I would die, but my husband urged me to try Cardui, so, I began, and the first bottle helped me. By the time the third bottle was used, I could do all my work. All the people around here said I was well, but Cardui relieved me."

TAKE CARDUI The Woman's Tonic

For more than 50 years, Cardui has been relieving woman's sufferings, and making weak women strong as well. During this time, thousands of women have written like Mrs. McPherson, to tell of the really surprising results they obtained by the use of this purely vegetable, tonic remedy for women.

Cardui strengthens, builds, restores, and relieves or prevents unnecessary pain and suffering from womanly troubles. If you are a woman, begin taking Cardui, today.

HAVE YOU TRIED TO HEAR IT RUN?

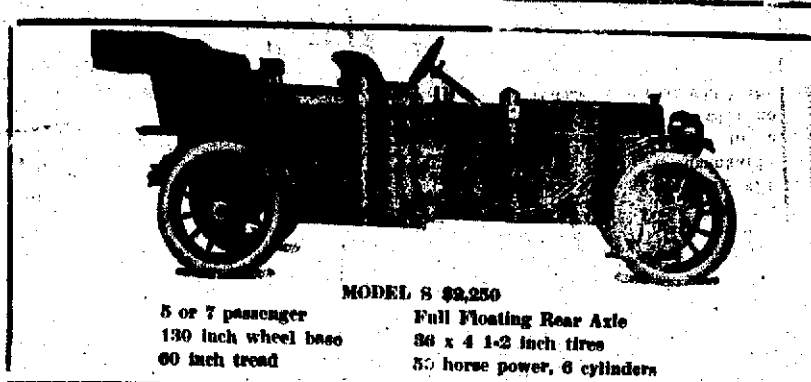

In recommending these cars to you, we do so, knowing that the service to be rendered—the up-keep cost—the joy of driving—the pride of ownership—will all harmonize into happy satisfactory remembrances.

There are three models in the Mitchell line—each a leader in its class. Remember the Mitchell-Lewis Motor Car Company of Racine, have been building cars for over 11 years. Their 1911 cars are the acme of motor car construction. There are no cars at or below the price of the Mitchell that are our competitors. We do, however, successfully compete with cars costing much more.

All the models have 4 1-4 by 5 inch cylinders—cast in pairs. Model R has 4 cylinders, giving over 28 H. P. (A. L. A. rating.) Model S has six cylinders and under brake test—develops over 50 H. P.

ALL MODELS ARE EQUIPPED WITH TOP—ALL LAMPS—FLOOR MATS—ROBE RAIL—JACK AND TOOLS.

Every car is guaranteed by the Mitchell-Lewis Motor Company for 12 months and we feel responsible for their service for years afterwards. These cars have secured perfect scores in all the important endurance runs of the year—and hundreds of owners daily testify to their value.

Ask Any Owner Why He Bought The Mitchell. Ask Him About The Service Rendered—Both From The Car and From Us.
